

Child Protection For Your Church

1. Your church needs to have a Policy in writing
 - A sample Policy can be provided to you
 - GuideOne Insurance has suggested materials to help with a policy

2. Get Background checks done. There are several ways to get this done:
 - Lifeway Background checks (see link for more information: <http://www.bpnews.net/bpnews.asp?ID=31021>)

 - * There are 2 website that do Background Checks: www.screenchurchstaff.com and www.volunteerselect.com . They have one-time set up fee and a once established account can be used for continuous background checks.

 - Another way is to call your Local Sherriff's Offices; Please Note: they only do the background checks within a local county

 - ADP (Automatic Data Processing – 1-800-367-5933) can also be used, however, you will need a contract with them.

Note: Also see "Tax-Fax Up-Dates" from Church Financial Services
